3. [REDACTED] Talked with Senator Stennis to advise him that it appeared that the problem concerning threatened veto of the CIA retirement legislation appeared to be solved after discussions with the Department of Justice and the Bureau of the Budget at high levels. The Senator had started work on this but he was very appreciative of our calling him and said he would now let the matter drop.

4. [REDACTED] Talked with General Roderick who indicated he had called Dr. Eisberg in McNaughton's office several times but had not reached him. After General Carter's call to John McNaughton, I advised General Roderick that the DDCI had spoken with a Captain Harris and learned that the source of the congressional query on the South Vietnam coup had been Congressman Lucien Nedzi. Roderick stated that with this information he was hopeful that possibly the request from Nedzi could be withdrawn. In any event, I conveyed to him General Carter's concern on this matter and request that (a) any report to be made be reviewed personally by Mr. McNaughton, (b) that the matter be played down, and (c) that CIA not be mentioned. General Roderick said he would certainly go into this and advise us of further developments.
